

# DO YOU HAVE LIVED EXPERIENCE OR EXPERTISE WITH EATING DISORDERS?

The COVID-19 pandemic saw an increase in new eating disorder cases & worsened disordered eating behaviours across Canada. There is an urgent need to understand the impact of COVID-19 on youth & families living with eating disorders, so strategies can be developed to help these groups.

We are **now recruiting youth, parents, clinicians, & program administrators** to join our research study & share their experiences with or treating eating disorders during the COVID-19 pandemic.

## AM I ELIGIBLE FOR THIS STUDY?

- Ability to understand, speak, & write in English
- Access to a computer & the internet to participate in a virtual interview with a member of our research team
- **Youth:** <18 years with an eating disorder
- **Parents:** have a child <18 years with an eating disorder
- **Clinicians & Administrators:** work in pediatric or lifespan eating disorder programs

***If you meet these criteria, you are eligible to join our study!***
